DRIVE NEW SALES AND OFFER CONVENIENCE

Grow your business even while you're asleep with a 24/7 portal.
YOU WILL:

- Drive new sales with a self-service portal that positions your company as an expert in the field and is available whenever your customer needs service.
- Improve your response rate and customer satisfaction by immediately providing quotes, offers for service, and scheduling options.
- Capture leads, even for those prospects that did not actually schedule and pay for service, so you can nurture and have follow-up conversations to close new sales.
- Enhance your internal sales processes with a step-by-step wizard that eliminates the guesswork in identifying service and scheduling options

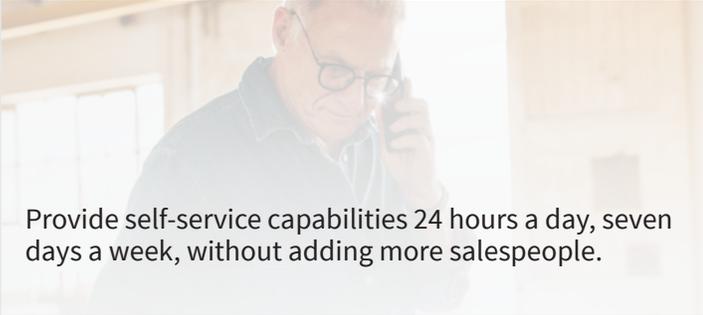

REACH YOUR FULL POTENTIAL.

FEATURES

Your Online Sales portal has a range of exclusive features to help you **ACHIEVE YOUR BUSINESS GOALS.**

FOR YOU

Provide self-service capabilities 24 hours a day, seven days a week, without adding more salespeople.

Use the internal service wizard for training inside sales reps on information to gather and which services to recommend and schedule.

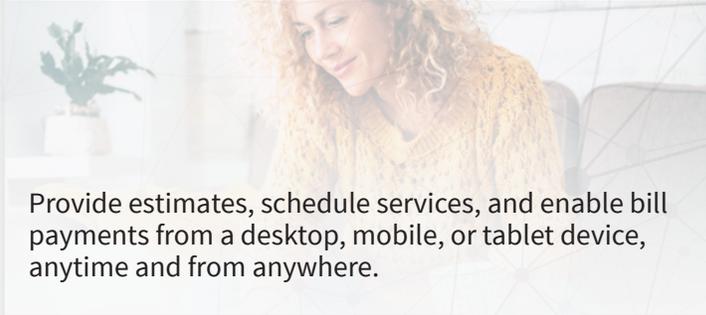

Automatically create accounts within PestPac with the corresponding service setup and/or service order based on service selection.

Collect billing information and process credit cards with ease.

Capture leads, even for those prospects that did not actually schedule and pay for service.

Customize and brand the portal to maintain your business identify.

FOR YOUR CUSTOMER

Provide estimates, schedule services, and enable bill payments from a desktop, mobile, or tablet device, anytime and from anywhere.

Guide interaction with a step-by-step wizard that requests information on the location, pest problems, and property size. Request additional information to enable better service.

Eliminate guesswork and offer service options, including one-time service, recurring service, pricing based on property size, and prepayment discounts based on selections and offerings.

“Best-fit” schedule options based on field technician and time slot availability.

Specify a date/time for service if the options do not work. The office will be alerted to schedule the service accordingly.

Provide ability to pay now or later, as well as change the name of the cards and/or billing address tied to the credit card account.
